## KEMCO SYSTEMS ANNOUNCES HIRE OF SOUTHWEST REGIONAL SALES MANAGER

**February 12, 2018 | Clearwater, FL** | Kemco Systems, a global water and energy technology company, recently announced another key hire to their team with the addition of Stephen Stewart as the Regional Sales Manager for the Southwest.

Prior to joining the Kemco team, Stephen spent 18 years with US Filter. Beginning as a branch manager, Stephen quickly learned the technology and started engineering and selling water and wastewater systems, a short time later Stephen moved into the Regional Sales Manager position for the southwest territory at US Filter. Stephen's expertise and passion for providing solutions to his customers water and wastewater needs, matches the Kemco mission to provide the most efficient and highest quality systems in the industry while providing the best service and support available.

Stephen resides in Colorado with his wife, college-aged twins and two dogs. They enjoy biking, hiking and skiing in the mountains, but their true vacation is always beach. Stephen will be based in Colorado, managing sales for the Southwest territory.

### *About Kemco Systems, Co. LLC*

*Since 1969, Kemco has delivered over 5,000 systems worldwide for industrial water reuse/recycle, wastewater treatment, hot water heating, wastewater heat recovery, flue gas heat recovery, vapor/steam curing and conditioning, and total system monitoring. Built for the most challenging conditions, Kemco's systems are built to the highest standards of excellence, offering exceptional reliability, outstanding quality and top value for its client's energy dollar.*
