**Kemco Systems Welcomes Cody Davis as Regional Sales Manager**  
*Davis brings nearly 10 years of industry experience to the Kemco sales team*

**Clearwater, Fla. (April 24, 2024)** - Cody Davis recently stepped into a new role at [Kemco Systems](#) as a Regional Sales Manager. Since 2015, Davis has served Kemco Systems as an Application Engineer responsible for generating custom equipment design, project proposals and much more. His comprehensive knowledge of Kemco's target markets paired with his substantial industry experience, will greatly benefit the Kemco sales team.

As an Applications Engineer for almost 10 years, Davis yearned for a career change that would allow him to utilize his extensive industry knowledge and push him to the next level in his career. Davis' considerable knowledge of Kemco's technology and equipment applications is a crucial asset to the team and will allow him to connect quickly with customers while effectively solving their problems.

"I look forward to traveling to customer facilities and being able to see different equipment processes and applications in person. Kemco Systems is allowing me to continue benefitting industry clients with my engineering background while also investing in my personal career growth," Davis shared.

Transitioning to the role of Regional Sales Manager, Davis will focus on the customers in the Midwest region. He will be responsible for maintaining and expanding customer relationships, generating leads, attending tradeshow and more. Much of his time will be spent traveling to customers to conduct site visits where Davis will perform equipment installation surveys and evaluations.

"It is very exciting to watch Cody transition to Kemco's sales team after excelling as an application engineer for so many years. Cody has always worked closely with our sales team, and we are confident his years of experience in the field will strengthen our mission at Kemco Systems," said Matt Lewis, Kemco Systems Vice President of Sales and Marketing.
