## KEMCO SYSTEMS ANNOUNCES HIRE OF VICE PRESIDENT OF OPERATIONS

**April 17, 2018 | Clearwater, FL** | Kemco Systems, Co. LLC, a global water and energy technology company, recently announced another key hire to their team with the addition of Mike Fout as Vice President of Operations.

Mike most recently led the successful implementation of Lean Manufacturing across the Interior Door group at Masonite International of Tampa. Mike was chosen to lead the newly formed Architectural Division and deploy the Masonite Mvantage lean enterprise. At Masonite, Mike completed work to attain his White Belt certification and was named a Lean Ambassador in 2015.

Mike is a graduate of Bradley University with a BS in Engineering and studied for his MBA at Northeastern University in Boston. He is a graduate of General Electric's Manufacturing Management Program and worked for GE for 14 years in manufacturing leadership positions across Aerospace, Appliances and Lighting.

*About Kemco Systems, Co. LLC*

*Since 1969, Kemco has delivered over 5,000 systems worldwide for industrial water reuse/recycle, wastewater treatment, hot water heating, wastewater heat recovery, flue gas heat recovery, vapor/steam curing and conditioning, and total system monitoring. Built for the most challenging conditions, Kemco's systems are built to the highest standards of excellence, offering exceptional reliability, outstanding quality and top value for its client's energy dollar.*
