### **Kemco Systems Welcomes Mark Kayne as Concrete Market Manager**

*Kayne brings 37 years of industry experience to the Kemco team.*

**Clearwater, Fla. (March 13, 2023)-** [Kemco Systems](#) recently hired Mark Kayne as Concrete Market Manager. With more than 35 years of experience in industrial equipment sales, Mark has an impressive background in sales management and business development. His extensive knowledge of the concrete industry will be a great addition to the Kemco team.

As Concrete Market Manager, Mark is responsible for further developing the Kemco customer base and supporting their needs related to cold and hot weather concrete production. Additionally, he will visit customer sites to conduct equipment installation surveys and evaluations.

“I’m enjoying the Kemco team not only because of the strong company culture, but also because I share the same value of helping customers succeed. Kemco is allowing me the opportunity to use all the knowledge and experience I’ve gained from the past 37 years while also letting me grow in my industry skills,” Mark shared.

Mark began his career working for a family-owned business which manufactured industrial hot and cold high pressure cleaning equipment and automated parts washing systems. Since then, Mark has been providing sales and service of industrial equipment used for water heating, high pressure cleaning, steam cleaning and generation and wastewater treatment in markets such as concrete, food processing, mining, oil and gas and manufacturing operations in North America.

“Kemco Systems is thrilled to have Mark join our team and serve as Concrete Market Manager. Not only does Mark bring years of industry experience, but he also has a strong drive to achieve growth and help Kemco customers implement equipment solutions,” shares Matt Lewis, Kemco Vice President of Sales and Marketing.
